OBJECTIVE

Innovative Frontend Developer with over 3 years of expertise in React.js, JavaScript, and cutting-edge frameworks like Next.js. Proficient in translating complex designs into high-performance, scalable user interfaces using Redux Toolkit, Tailwind CSS, and Material-UI. Demonstrated success in leading projects across healthcare, education, and e-commerce industries, driving performance optimization and delivering exceptional user experiences.

EXPERIENCE

React Developer	12/2022 - Present
Simplexmed Medicare	Abbottabad,Pakistan
React Developer	09/2023 - 10/2024
STEM WIZARDS ACADEMI	Abbottabad,Pakistan
Frontend Developer	09/2022 - 12/2022
Viral Webbs	Islamabad, Pakistan

PROJECTS

Obsidian RCM	12/2022 - Present
Abbottabad, simplexmed	
"Obsidian RCM is a cutting-edge medical billing software designed to streamline revenue cycle management. Built with React.js, Redux Toolkit Query, and Material-UI, it delivers dynamic interfaces and efficient workflows. Key modules include Patient Management, Claims Processing, and Account Administration, all aimed at enhancing operational efficiency and user experience.

Air Academic	12/2022 - 10/2024
Abbottabad, stemwizard	
I contributed significantly to Air Academic, an innovative platform enhancing teacher-student interaction. Focused on frontend development, I used React.js, Redux, and Material-UI to create a seamless, user-friendly interface. Overcame challenges in performance optimization and responsive design, ensuring a successful and interactive learning environment.	
https://airacademic.com	
Betea	05/2024 - 10/2024
Abbottabad, stemwizard	
Betea is a comprehensive property web app developed using Next.js, Redux, Tailwind CSS, Daisy UI, and other essential libraries. The platform enables users to explore and manage property listings, including homes for rent, buying, selling, and agent profiles. My focus has been on creating a responsive and intuitive user interface, ensuring seamless navigation and interaction across the platform.	
StemWizard	09/2023 - 10/2024
Abbottabad, Stemwizard	
StemWizard is a dynamic software house excelling in web application development, Flutter, and UI/UX courses. We empower individuals with cutting-edge skills through comprehensive courses using the latest technologies.

TECHNICAL SKILLS

Frontend Development

JavaScript · ReactJS · NextJs · Redux ·

RTK Query · Context API · Zustand ·

web Socket · SWR · PWA ·

webpack & babel · React DOM · cypress ·

Git & Github

UI/Styling Frameworks

Tailwind Css · MUI · Bootstrap · Daisy UI ·

Styled Component · GSAP ·

Theming & Custom Style ·

Cross-Browser Styling

RESPONSIBILITY

Optimize Code & Performance ·

Develop responsive & Craft intuitive user interfaces

Cross-Browser Compatibility ·

Architect scalable React components. ·

Stay updated with React trends

Development Techniques

Debugging & Troubleshooting ·

Form Handling (React Form Hook, Formik)

Code Reusability · Scalable Code ·

Custom Hook · API Integration ·

Component-Based Architecture

EDUCATION

Software Engineering

Islamia University of Peshawar

04/2016 - 12/2020

CERTIFICATION

React.js

Great Laerning

Frontend Development

Digiskills
